

Debbie K. McGriff
Senior Vice President and Chief Financial Officer
Teledyne Technologies Incorporated
Engineered Systems Segment

Debbie McGriff serves as Senior Vice President and Chief Financial Officer of the Teledyne Technologies' Engineered Systems Segment. Prior to this position, McGriff served as Vice President and CFO of the Teledyne Technologies' Engineered Systems Segment.

Since joining Teledyne Brown over 35 years ago, McGriff has made valuable contributions within the Finance organization. She possesses expert knowledge in accounting, finance, government and accounting regulatory compliance, and business software platforms. Through the years, she has held positions with increasing responsibility that include Controller, Director of Financial Analysis, Senior Director of Finance, Vice President of Finance, and Vice President & CFO for Teledyne Technologies' Engineered Systems Segment. McGriff is known for working cooperatively across organizational lines to effectively solve problems within numerous Teledyne Technologies organizations, and she has also been a major contributor to various system implementations across the Teledyne Corporation.

McGriff earned a B.S. Degree in Business Administration from The University of Alabama in Huntsville (UAHuntsville) and a Masters Degree in Business Administration from the University of North Alabama. McGriff has also earned an Advanced and a Basic Contract Management Certificate from UAHuntsville. She holds a Certificate in Leadership for Extraordinary Performance from the Darden Graduate School of Business, University of Virginia.

McGriff has been the recipient of the President's Coin Award on several occasions and was selected as the Administrative Employee of the Year in 2001 at Teledyne Brown. She has participated as a member of the Women in Defense organization and served as a volunteer for United Way. She is an active member in her church teaching elementary age girls to help others through missions and homebound ministries.
